## Themalefik - Press Kit 2026

The International Entity of Chaos - Global Tier Hybrid Black/Death/Thrash

---

## Manifesto / Short Bio

Since 1993, **ThemalefiK** has existed as a **living manifesto of chaos**. Forged in the underground and guided by absolute ideological defiance, the band merges the raw hostility of Black Metal with the crushing force of Death Metal, shaped by Thrash intensity. Led by founder Claudio Monteiro and now based in Nagoya, Japan, ThemalefiK stands as a transnational force in extreme metal, currently defined by the conceptual diptych **“Covenant of Chaos” (2025)** and **“Covenant Fulfilled” (2026)**. **No gods. No masters. Only chaos.**

## Medium Bio

Formed in Brazil in 1993, ThemalefiK emerged not as a trend-driven act, but as a direct confrontation with dogma — religious, social, and musical. From its inception, the project, founded and led by Claudio Monteiro, rejected submission in all forms, transforming chaos into philosophy and sound into declaration.

Across more than three decades, ThemalefiK forged a reputation rooted in consistency, ideological clarity, and sonic extremity. From early underground demos to the landmark album *“Your Belief”* (2011), the band established a language defined by hostility, precision, and refusal.

The relocation of Monteiro to Nagoya, Japan, marked a decisive turning point. With the current lineup — Noriaki (lead guitar) and Baphomet (drums) — ThemalefiK entered its most focused and devastating phase. This era crystallizes in the two-part work **“Covenant of Chaos”** and **“Covenant Fulfilled”**, conceived as a single ideological statement spread across two full-length albums.

## Long Bio

Forged in the depths of the underground in 1993, ThemalefiK transcends the traditional definition of a metal band. Conceived by vocalist, bassist, and songwriter Claudio Monteiro, the project was born as a philosophical response to a world defined by hypocrisy, control, and decay.

The early years were marked by uncompromising aggression, documented in the cassette *“Malefik – Live Album”* (1994) and the demo *“Vergonha”* (1998), which established the core themes that would define the band’s identity: corruption, moral collapse, social rot, and the rejection of divine authority. Subsequent demos *“Vida”* (2003) and *“Grandiose Side”* (2005) reflected a sharpening of vision — colder, more precise, and increasingly oppressive.

In 2011, ThemalefiK released “*Your Belief*”, a defining statement that unified its musical and ideological framework. The single “*Against the Nazarene*” (2014) further cemented the band’s stance within the extreme metal underground as an uncompromising voice of negation.

A new chapter began with Claudio Monteiro’s permanent relocation to Japan. Immersed in the Japanese extreme metal scene, ThemalefiK entered a phase of renewed intensity and control. “*My Inner Demons*” (2024) marked this rebirth, followed by the re-recording of “*Vergonha*” (2025), a deliberate act of continuity between origin and present.

In 2025, ThemalefiK unleashed “**Covenant of Chaos**”, the first half of a broader conceptual work. In 2026, the narrative advances with “**Covenant Fulfilled**”, officially announced for release in 2026 (date to be confirmed). Together, these albums represent the consummation of a doctrine: chaos no longer invoked, but enacted — dominion through ruin, authority built on collapse, and the total negation of redemption.

After more than thirty years, ThemalefiK remains immovable. Not resurrected. Not rebranded. **Still hostile. Still absolute. Still chaos.**
